In tandem with the new CCC web site, the Library has also redesigned its web site. The new site includes not just search options, but many online Research Guides that provide detailed research tips. The Research Guides have several library video tutorials, ranging from “Choosing a Topic” to “Search Strategies” to “Avoiding Plagiarism.”

Please take a look and let us know if you would like a librarian to give you a personal tour of our new layout. Don’t forget, you can also add a link to your Blackboard page for our Live Chat Help. This allows students to access a librarian for research help 24/7.

In the Spring 2016 semester, students and staff can use the barcode on their CCC ID card to borrow library materials. They will no longer need the gray library card. Please see Library staff for details.

Beginning in the Spring 2016 semester, students and staff can use the barcode on their CCC ID card to borrow library materials. They will no longer need the gray library card. Please see Library staff for details.
